One of the strengths, historically, of the Friends Church has been a strong emphasis in what the Bible says is "the body of Christ". Everyone who calls themselves a Christian has a position in the body and like a body every part has a function within it. . . that is, every Christian is a gifted minister. Peter affirmed in his first letter, "as each one has received a gift, minister it to one another, as good stewards of the manifold grace of God" (4:10).

It is then incumbent upon each believer to discover his gift (be it helping, leadership, teaching, mercy, etc.) and use it productively for building up the Church of Jesus Christ.

If you feel one of your gifts are in any areas described in this brochure, please don't hesitate to let your gift shine.
